

Dear (ASN Volunteer),

I am writing today to thank all of the ASN volunteers who recently responded to my letter from a few weeks ago and provided thoughtful suggestions and ideas on how to improve our ASN program. These have been very helpful and informative to us as we move the program forward. Please know this is only the beginning of our effort to maintain a line of clear and valuable communication between our ASN volunteers and our ASN staff at AOPA. If you'd like to provide any additional suggestions please send them to the ASN inbox by writing to [asn@aopa.org](mailto:asn@aopa.org).

The ASN program and local airport issues are a top priority for AOPA's advocacy team. Soon you will hear from Dawn Veatch, our new Senior Director who will oversee the ASN program from this point forward. Dawn comes to AOPA with decades of leadership experience in aviation and I know she will be a great resource for you. Dawn and her staff are working to develop resources aimed at providing you – the local airport advocate – with the information you need in order to protect your airport.

By becoming an ASN volunteer you've shown that you have the passion it takes to make a difference. As such, we also plan to equip you with information on legislative matters in your state and at the federal level. As a constituent, your voice will be heard loud and clear during the critical moments of AOPA's legislative efforts.

Again, thank you for everything you do for AOPA. With your help, future generations will be able to experience and appreciate general aviation as we know it today.

Sincerely,

Jim Coon  
Senior Vice President, Government Affairs
