ACCIDENTAL DEATH AND DISMEMBERMENT BENEFIT

When will the accidental death and dismemberment benefit be payable?

We will pay the accidental death and dismemberment benefit upon receipt of written proof satisfactory to us that you died or suffered an injury as the result of an accident which occurs while you are insured under this certificate. All payments by us are payable at our home office. Proof of any claim under this certificate must be submitted in writing to our home office.

The proceeds will be paid in a single sum. We will pay interest on the proceeds from the date of your death or dismemberment until the date of payment. Interest will be at an annual rate determined by us. In no event will you receive more than the Principal Sum for losses due to the same accident. If you have received, or were eligible to receive, a dismemberment benefit, any accidental death benefit which may become payable from the same accident will be reduced by the amount of the dismemberment benefit. In addition, only one accidental death benefit and only one dismemberment benefit is payable under this certificate regardless if there is more than one accident during your coverage under this plan.

What does death or dismemberment by accidental injury mean?

Death or dismemberment by accidental injury as used in this certificate means that your death or dismemberment results directly and independently of all other causes from an accidental drowning or from an accidental injury which was unintended, unexpected, and unforeseen and which was sustained by you while:

3. making a forced parachute jump or awaiting rescue at a place of forced landing, on land or water, occurring during a flight covered under part (1) above, but only if such death or injuries are a direct result of said parachute jump or forced landing.

Your death or dismemberment must occur within 180 days after the date of the injury. In no event will we pay the accidental death or dismemberment benefit when your death or dismemberment results from or is caused directly or indirectly by any of the following:
