JACK LETTIERE
Commissioner

March 21, 2003

Dear Aeronautical Facility Licensee:

I want to provide you the following information to assist in your implementation of the attached Order issued by the New Jersey Domestic Security Preparedness Task Force, by Peter C. Harvey, Acting Attorney General of New Jersey.

- 1. There is a requirement that all aircraft which are parked or stored at your aeronautical facility for more than a 24-hour period utilize a two-lock security system which secures or disables the aircraft to prevent its operation.
2. There is a requirement that you prominently post signage at your aeronautical facility to show certain emergency contact information. This information should include:

Table with 2 columns: Agency Name and Phone Number. Includes Police and other local emergency responders, New Jersey State Police HQ, NJDOT Division of Aeronautics, Federal Aviation Administration (Millville FSS, Allentown FSDO, Philadelphia FSDO, Teterboro FSDO), Transportation Security Administration, National Transportation Safety Board, and Aviation Radio Emergency Call Frequency.

You are reminded that the requirements shown in 1 and 2 above must be implemented by March 28, 2003. Please call my office at 609-530-2900 if you have any questions.

Sincerely,

Handwritten signature of Thomas P. Thatcher
