

# UNITED AIRLINES AOPA HIGH SCHOOL AVIATION STEM SYMPOSIUM

Presented by Boeing  
Nov. 10-12, 2019 | Denver, CO

## LIVE STREAM SCHEDULE | MONDAY, NOVEMBER 11

[Click here](#) to access the 9:00 a.m. and 10:15 a.m. (MST) live stream keynote addresses:

**9:00 – 10:15 a.m. (MST)**

### **Providing Leadership in Flight Training**

United Airlines has made significant investments towards the future in training for pilots and flight crew with the new, world's largest, state-of-the-art flight training center. With growing needs for pilots and the need to update training with new aircraft, find out how the airlines industry stays ahead of the power curve.

**Keynote:** Bryan Quigley, Senior Vice President, Flight Operations, United Airlines

**Facilitator:** Mark Baker, President and CEO, AOPA

**10:15 – 10:45 a.m. (MST)**

### **AOPA's High School Initiative and Resources**

It's never been easier to bring aviation into your high school classroom. Hear the latest on the wide range of resources AOPA offers to enhance your programs and engage your students, including flight training scholarships and free aviation STEM curriculum.

**Keynote:** Elizabeth Tennyson, Executive Director, You Can Fly, AOPA

**1:00 – 2:00 p.m. (MST)**

### **Aim Higher in Military Flying**

What does the future of flight look like in the military, specifically the United States Air Force? How will flight training strategies and techniques shift to help address the current workforce demands for military pilots? Hear from a three-star general who formerly commanded the Presidential Airlift Wing.

**Keynote:** Lt. Gen. Jacqueline Van Ovost, Director of Staff, Headquarters Air Force, U.S. Air Force

## LIVE STREAM SCHEDULE | TUESDAY, NOVEMBER 12

[Click here](#) to access the 9:00 a.m. (MST) live stream keynote address:

**9:00 – 10:15 p.m. (MST)**

*Notice of Speaker Change*

### **TAKING COMMAND**

Due to a family emergency, Astronaut Ricky Arnold will unfortunately not be able to join us at the symposium. We are pleased to announce that Kevin Robbins, former commander of the USAF "Thunderbird" Demonstration Squadron, will now join us to talk about what it's like to perform jaw-dropping maneuvers 18 inches from another aircraft while flying at speeds of over 400 miles an hour.

**Keynote:** Kevin Robbins, United States Air Force, Retired

[Click here](#) to access the 12:45 p.m. (MST) live stream keynote address:

**12:45 – 1:45 p.m. (MST)**

### **RIDESHARING IN THE SKY—IT'S CLOSER THAN YOU THINK**

What does urban transportation look like in 20 years? 10 years? The future is much closer than you think! Come learn how urban air mobility and ride sharing will make public transportation three-dimensional and what must be developed to make it happen.

**Keynote:** Mark Moore, Director of Engineering, Vehicle Systems, Uber
