

# 2002 Winter Olympics' Briefing

**Everything you NEED to know about flying in and around the Salt Lake City area from mid-January through the end of March 2002. If you plan on flying in Northern Utah during this time frame you can not afford to miss this meeting!**

**Presented by:** Salt Lake Flight Standards District Office  
& Personnel from Air Traffic Control, US Customs, US Secret Service, and the Utah Olympic Public Safety Command (UOPSC)

Information will be given out about the Olympic Aviation Security Plan including how this information will affect the airspace in Northern Utah before, during, and after the 2002 Olympic Winter Games. Security will have an impact on **all aviation** activities during the Olympic Games in Northern Utah. It is highly recommended that you plan on attending one of these scheduled meetings. No reservations are needed but space is limited, so plan on coming early.

Which airports will be open? How do I get accredited to fly? Procedures to be followed for each flight!  
All this and much more will be discussed!

Aviation Security Plan Briefing Notice

## **2002 Olympic Winter Games Aviation Security Briefings**

In an effort to increase pilot's awareness of the procedures established for the security of the 2002 Olympic Winter Games we are scheduling the enclosed mentioned briefing times and locations.

It is our hope that through explaining these procedures and restrictions to as many of the aviators in the Northern Utah area as possible we will help them avoid any problems when navigating in this area during the Olympic Games.

Please be advised that this information is subject to change. Always check NOTAMs before each flight!

We strongly suggest that you check one of the following sources BEFORE you attend one of these meetings to validate the correct time and location.
